

BUG REPORT

BUG ID: BR_01, BR_02, BR_03

Project: Evershop (UI & API)

Module: Search & Add to Cart (UI & API)

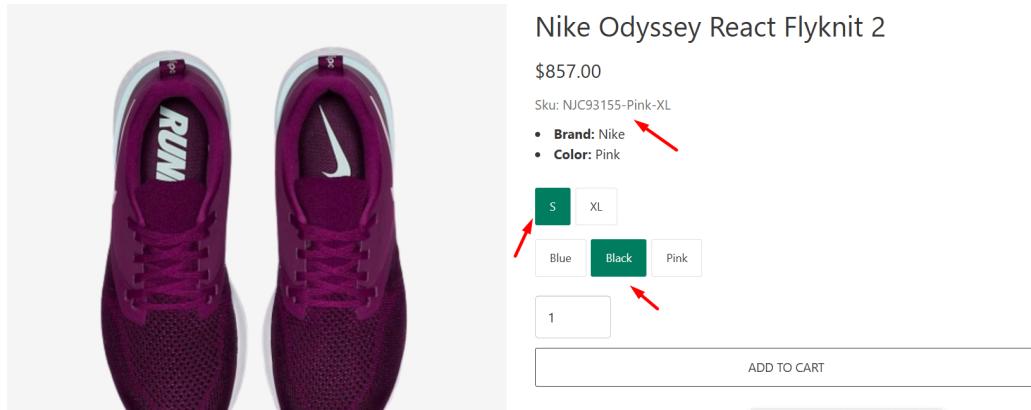

Tester: Tahera Tuz Jahan Misha

Reported On: 22 - 10 - 2025

For UI Testing

BR_01

- **Bug ID:** BR-01
- **Test Case:** Verify product filter by color and size
- **Description:** Color and size filters are not updating properly
- **Steps to Reproduce:**
 1. Search “Nike React”
 2. Apply color filters (Black, White, Green, Red)
 3. Apply size filters (S, M, XL)
 4. Observe the product list
- **Expected Result:** Product updates correctly according to the selected filter.
- **Actual Result:** Some filters are not working correctly
- **Severity:** Medium
- **Status:** Open
- **Priority:** Medium
- **Screenshot:**

BR_02

- **Bug ID:** BR-02
- **Test Case:** Verify that the Cart page displays correct products
- **Description:** Wrong product color showing in the Cart
- **Steps to Reproduce:**
 1. Add multiple color variants to the cart
 2. Open Cart page
 3. Check product details
- **Expected Result:** Cart details match added products correctly
- **Actual Result:** One product shows the wrong color
- **Severity:** High
- **Status:** Open
- **Priority:** High
- **Screenshot:**

For API Testing

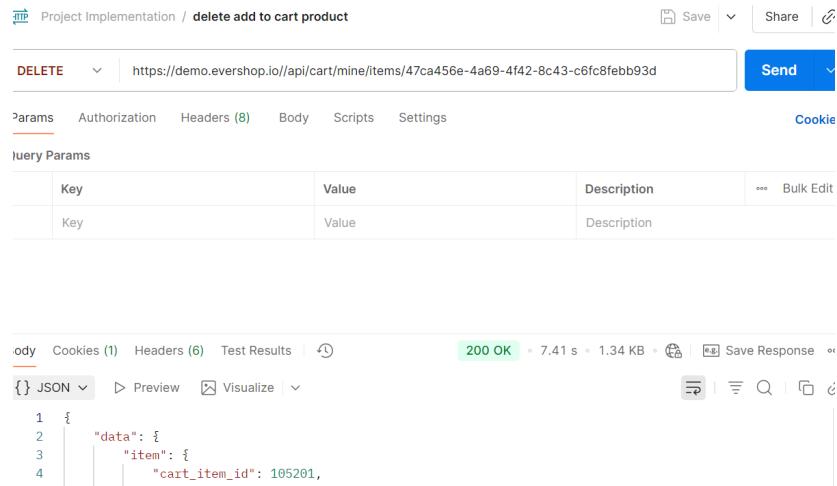

BR_01

- **Bug ID:** BR-01
- **Test Case:** Verify Update Cart Item API
- **Description:** PUT request fails to update item quantity
- **Steps to Reproduce:**
 1. Send PUT request to /api/cart/mine/items/{cart_item_id}
 2. Observe result
- **Expected Result:** Should update item quantity & return 200 Ok
- **Actual Result:** Returns 400 Bad Request
- **Severity:** High
- **Status:** Open
- **Priority:** High
- **Screenshot:**

BR_02

- **Bug ID:** BR-02
- **Test Case:** Verify Remove Item from Cart API
- **Description:** DELETE requests are not to be seen in the request body
- **Steps to Reproduce:**
 1. Send DELETE request to /api/cart/mine/items/{uuid}
 2. Observe the result
- **Expected Result:** Item should always be deleted successfully.

- **Actual Result:** 200 OK returned, but see no deleted data
- **Severity:** Medium
- **Status:** Open
- **Priority:** Medium
- **Screenshot :**

The screenshot shows a REST API testing interface. At the top, it displays the URL: `https://demo.evershop.io/api/cart/mine/items/47ca456e-4a69-4f42-8c43-c6fc8febb93d`. Below the URL, there are tabs for Params, Authorization, Headers (8), Body, Scripts, and Settings. The Params tab is selected. A table titled "Query Params" is shown with one row: "Key" and "Value". The "Key" column has a single entry "Key" and the "Value" column has a single entry "Value". To the right of the table, there are buttons for "Send" and "Cookie". Below the table, the response details are shown: "200 OK", "7.41 s", "1.34 KB", and "Save Response". The response body is displayed as JSON:

```

1  {
2   |   "data": {
3   |   |   "item": {
4   |   |   |   "cart_item_id": 105201,

```
